WHAT WE DO?
We are here to help students transition from college to career. We offer one-on-one appointments to aid in the application process and to explore careers within desired industries. We provide resources for students who want to learn more about career development. We are also available to give presentations in and outside of the classroom. Whatever questions you might have about careers, internships, graduate school, etc., we are here to help!

APPOINTMENTS
- Resume/CV & Cover Letter Review
- Job Search Tips
- Interview Preparation
- Mock Interviews
- General Career Advice
- Major Change Exploration
- Graduate School Information
- Personal Statement Review

RESOURCES
213 Life Sciences East has a career corner where students can check out books on career development, choosing majors, interviews, degree related jobs and test prep books.

PRESENTATIONS
We give presentations in the classroom, at clubs and organization meetings, and department events. Our topics range from resume/CV creation, career development, networking, or you can request a topic that works for your group. You can request a presentation via email or on our website.
