Course Description

A probabilistic, statistical approach to automated pattern discovery applied to large datasets. Constructing computational models with this information and assessing their behavior and reliability. Representing data and devising tools for discovering these models. Class focuses on the development and analysis of learning algorithms as well as the mathematical formulations underlying statistical processing.

Course Objectives

After this course, you should be able to...

- Understand supervised machine learning methods and their application.
- Understand how to compare machine learning algorithms. Understand the trade-off between algorithms and potential performance and time.
- Be able to read current literature on machine learning.
- Understand clustering unlabeled data.
- Understand the basics of Deep Learning models.
Textbook, & Software

No particular book is required for this course. However, I would recommend the following books for reference.

Textbook 1: Christopher M Bishop, Pattern Recognition and Machine Learning

It is expected that students in this class have basic prior programming experience.

Course Outline and Tentative Schedule

Week 1  Course introduction and Machine Learning Basics
Week 2  Linear Regression
Week 3  Bayesian Learning and Logistic Regression
Week 4  Discriminative Models
Week 5  Neural Networks
Week 6  Deep Learning - Convolutional Neural Networks
Week 7  Deep Learning - Sequence Learning
Week 8  Midterm and Deep Learning - Recent Advances
Week 9  Support Vector Machines
Week 10 Decision Trees
Week 11 Unsupervised Learning
Week 12 Expectation Maximization and Gaussian Mixture Models
Week 13 Hidden Markov Models and Dimensionality Reduction
Week 14 Fall Break
Week 15 Reinforcement Learning and ML Applications, Bias, Fairness and Ethics in AI
Week 16 Project Presentations
Week 17 Project Presentations (if any)

Class Attendance and Participation

Attendance is strongly encouraged, but not required. Students are responsible for any material covered in class. Some of the material covered in class will not be in the textbook. Announcements about tests etc. will be made in class and/or by email. Students are to check their emails regularly (using their class accounts).

Covid Policy

OSU encourages faculty, staff and students to wear a mask indoors in public settings during periods of high community transmission regardless of whether you are fully vaccinated, consistent with the current CDC recommendations. This is especially important in classrooms and laboratories because people are together for long periods of time. Wearing a mask during class not only protects you but also helps protect those around you who may be more vulnerable. This is a simple way we can look out for all members of the Cowboy family. If you feel sick, do not attend class. Contact University Health Services at 405-744-7665 immediately, and communicate with me as soon as possible about any work you miss.
Assignments and Quizzes

- Assignments will ordinarily be due on Mondays at midnight. Your code should be handed into the Canvas dropbox (canvas.okstate.edu) as a single .zip file.

- If you need or desire an extension on any Assignment for any reason, contact your instructor in a timely fashion, as permitted by the need. There is no guarantee that you will receive an extension on any assignment, so plan your schedule carefully. **No late work is accepted!!**

- There will be a weekly quiz. The quizzes will most often be given on Fridays, and sometimes Wednesdays. There will be a quiz for the topics covered in every week. Start preparing for quizzes before they arrive! **No make-up quizzes will be given.** Quizzes will be Open book and Open notes. It will be online on Canvas.

- Academic integrity is taken very seriously. You are permitted to discuss the course material with fellow students in general terms, but the programs you write must be your own. Code copied from each other or found on the web will result in an automatic zero for the assignment, and may even result in earning an ‘F!’ for the course and facing academic disciplinary measures.

Exams

There will be one midterm exam.

Grading

The course grade is determined by the following components:

- Assignments 25%
- Quizzes 25%
- Midterm Exam 25%
- Final Project 25%

Final grades will be assigned according to the following scale,

- Grade A 90-100%
- Grade B 80-89%
- Grade C 70-79%
- Grade D 60-69%
- Grade F 0-59%

DEPARTMENT POLICIES

Drop and Add Policy: Students will be allowed to drop as long as the University permits them to do so. A grade of W or F will be determined on the basis of the points earned until that time.

Academic Dishonesty/misconduct: The Computer Science departmental policy for academic dishonesty and misconduct applies to this class. In addition, a student attempting to gain unfair
advantage by keeping an examination paper longer than the time permitted is guilty of academic misconduct.

Cheating can include, but not limited to: (i) giving unauthorized assistance to others, (ii) receiving unauthorized assistance from others, (iii) looking at another student’s solution in an exam or assignment, (iv) looking at or consulting material not allowed in the exam or assignment, and (v) using another person or website (such as Chegg.com) for solutions to assignments or exams.

**Computer Usage:** The Computer Science departmental policy for computer usage applies to this class. Exceptions will be made for students whose companies permit use of company machines for academic work. Students taking advantage of the exception must have two-way email access.

**Americans with disabilities act:** The Computer Science departmental policy for students with disabilities applies to this class. Anyone who has a need for examinations by special arrangements should see the instructor as the earliest possible opportunity during scheduled office hours.

**Examinations/Tests:** No discussion of any kind (except with the instructor) is allowed. No access to any type of written material is allowed. Students who do not comply with the described collaboration policy will receive a grade of F in the course. Furthermore, the case will be reported to the University Officials.

**Important Dates**

- **Midterm:** Week of 10th October 2022

**University Holidays**

- **Labor Day:** 5th September 2022
- **Fall Break:** 21 – 23 November 2022
- **Thanksgiving:** 24th and 25th November 2022
Your success as a student is our top priority, so the following information is provided to answer questions most often asked by students. Be assured the OSU faculty and staff want you to be successful in your educational pursuits. If you have questions or concerns, please be sure to seek help EARLY! We are here to assist you.

As a student, you may experience a range of issues that can cause barriers to learning. Mental health concerns, such as strained relationships, increased anxiety, alcohol/drug problems, difficulty concentrating, and/or a lack of motivation, can lead to diminished academic performance and/or feelings of distress. A lack of access to basic needs including food, housing, or hygiene products, can negatively affect your ability to do well in your courses. Whatever your need, the OSU community is here for you and wants to provide resources to best support your needs. You can access mental health resources, health and wellness resources, and the Basic Needs Resource Center to help navigate college life ([https://ssc.okstate.edu/student-support/resources/index.html](https://ssc.okstate.edu/student-support/resources/index.html)). You can request assistance in navigating resources or share concerns you might have about a peer at Student Support and Conduct ([https://ssc.okstate.edu/report/index.html](https://ssc.okstate.edu/report/index.html)).

Please be aware modifications may be made to the guidance provided in this document during the Fall 2022 semester depending on continued implementation of the federal contractor mandate, campus and local COVID transmission rates, and/or masking expectations.

**CAMPUS SAFETY**

OSU provides a service called Cowboy Alert that will notify students, faculty, and staff in the event of an emergency. In a situation deemed an emergency, OSU officials will send a message to members of the OSU community with information regarding the event and how they should proceed. This information may be in the form of a voice message, text message, and/or email. To ensure your contact number is correct, log into your O-Key account. From there, navigate to the left menu and select “Emergency Contacts.” If you have questions, please contact the IT Help Desk ([helpdesk@okstate.edu](mailto:helpdesk@okstate.edu)).

In the event of an emergency or disturbance on campus, the OSU Campus Safety Facebook page (@OkstatePD) and Twitter (@OkstateSafety) will have regular updates when warranted. A Cowboy Alert might also include a link to the OSU Department of Public Safety webpage ([safety.okstate.edu](http://safety.okstate.edu)) for more information.

Also, as part of OSU’s commitment to campus safety, the campus adopted Rave Guardian, a free mobile app that turns any smartphone into a personal safety resource. Find it in the Apple or Google Play app stores. Rave Guardian provides a way to set a safety timer if you’re traveling, send anonymous tips to the OSU Police Department through a chat feature, request a SafeWalk, or see a list of important numbers.

**DROPPING A COURSE AND WITHDRAWING FROM THE UNIVERSITY** students often confuse these terms:

- **Dropping a course** refers to the dropping of one or more classes while remaining enrolled in at least one other OSU course for a given semester. Students may request to drop a course during the 13th and 14th weeks of the semester with instructor and advisor permission. The grade of “W” or “F” will be assigned by the instructor. Drop and refund deadlines can be found within the Academic Calendar. Summer courses and other short courses that vary from the standard 16-week semester follow proportionate drop and refund periods.

- **Withdrawing** from the university means dropping all courses, and you are no longer enrolled for the current semester. The withdrawal process is initiated with your academic advisor. Withdrawal deadlines can be found within the [Academic](https://academicaffairs.okstate.edu/SIO-Schedule)
Exceptions to the deadlines above may only be considered by petition due to documented extraordinary circumstances and committee approval. The Retroactive Drop/Withdraw and Refund of Tuition and Fees Petition is available on the Academic Affairs website: https://academicaffairs.okstate.edu/faculty-development/add-drop-withdraw.html.

ACADEMIC INTEGRITY
101 Whitehurst/405-744-5627/http://academicintegrity.okstate.edu

OSU is committed to maintaining the highest standards of integrity and ethical conduct. This level of ethical behavior and integrity will be maintained in all OSU courses. Participating in behavior that violates academic integrity (e.g., unauthorized collaboration, plagiarism, multiple submissions, cheating on examinations, fabricating information, helping another person cheat, unauthorized advance access to examinations, altering or destroying the work of others, and altering academic records) will result in an official academic sanction.

Violations may subject you to disciplinary action including the following: receiving a failing grade on an assignment, examination, or course, receiving a notification of a violation of academic integrity on your transcript and being suspended from the University. Students have the right to appeal the charge.

COPYRIGHT & FAIR USE POLICY OF COURSE MATERIALS

Course materials may not be published, leased, sold to others, or used for any purpose other than appropriate OSU-related individual or group study without the written permission of the faculty member in charge of the course and other copyright holders. This paragraph grants you a limited license giving you access to materials for this course, including PowerPoint slides, audio/video recordings, written, or other materials, for appropriate OSU-related educational use only. Lectures should not be recorded without permission from the faculty member and must not be further disseminated or shared. Assignments, quizzes, and exams (individual questions or in their entirety) should not be uploaded to websites offering note-sharing, tutoring, or other academic help (free or by paid subscription).

CLASS ATTENDANCE AND PARTICIPATION

Class attendance is a critical component of learning; therefore, you are expected to attend and participate fully in all scheduled class meetings. Many instructors consider attendance so essential your grade may be affected by your absence, and some departments and professors have mandatory attendance policies. If no written attendance policy is provided before the last day to add a class without instructor permission, no penalty may be assessed for class absences although you may not be permitted to make up certain in-class activities.

If you are ill, you should stay home. Faculty are expected to treat a positive COVID test result as appropriate documentation for an excused absence and are encouraged to remain flexible for students who need to quarantine for other COVID-related issues (e.g., member of household instructed to quarantine). Although instructors may be willing to livestream in-person courses through an online platform, livestreaming is not required or expected. Each instructor will determine how to best assist students with excused absences (including absences due to quarantine requirements) for in-person classes and should include details in their course syllabus.

If you are required to participate in official university-sponsored activities or military training, you should receive an excused absence as discussed in OSU’s Attendance Policy for Students. If you will be absent from class for sponsored activities, you must provide prior notification of the planned absence to the instructor. You may be required to submit assignments or take examinations before the planned absence.

PRE-FINALS WEEK POLICY

Final examinations are scheduled at the end of each semester and are preceded by pre-finals week, which begins seven days prior to the first day of finals. During pre-finals week, all normal class activities will continue; however, no assignment, test, or examination accounting for more than 5% of the course grade may be given; and no activity or field trip may be scheduled that conflicts with another class. This excludes makeup and laboratory examinations, out-of-class assignments (or projects) made prior to pre-finals week and independent study courses.

No student or campus organization may hold meetings, banquets, receptions, or any sponsor or participate in any activity, program, or related function that requires student participation. For additional information, contact the Office of Academic Affairs, 405-744-5627, 101 Whitehurst.

FINAL EXAM OVERLOAD POLICY

In the event you have three or more final exams scheduled for a single day, you are entitled to arrange with the instructor of the highest numbered course (4 digit course number) or two highest, if you have four finals on one day, to re-schedule that examination(s) at a time of mutual convenience during final exam week. If the final exam overload includes a common final exam, the common final exam is excluded from rescheduling unless multiple common exams are scheduled at the same time. You should submit this request in writing, with a copy of your class schedule, at least two weeks prior to the beginning of final exam week. The instructor has one week prior to the beginning of final exam week to arrange a mutually convenient time for administration of the final exam. After one week, if an agreement cannot be reached, take the request to the department head.

INFORMATION TECHNOLOGY

Student Email - OSU uses your OKSTATE.EDU email address as a primary form of communication. Students are expected to check their OSU email on a frequent and consistent basis to remain informed of their official university business. If you do not use the OSU email system you must redirect your okstate.edu email using the Orange-Key System (www.okey.okstate.edu). Failure to maintain an accurate email address may result in missed or lost university communications. For email assistance, contact the IT Helpdesk at 405-744-HELP (4357).

Computer Labs - A complete description of computer labs and hours of operations are available at their website: https://it.okstate.edu/services/computer-labs/index.html

Lab information is also available by calling the IT Helpdesk at 405-744-HELP (4357).

By enrolling at Oklahoma State University, you accept responsibility for complying with all University policies and contracts, and for local, state, and federal laws on- or off-campus that relate to the University’s mission. The Student Code of Conduct educates students about their civic and social responsibilities including policies and procedures involving student misconduct.

In general, the University expects students to aspire to follow and promote the Cowboy Community Standards or integrity, community, social justice, respect, and responsibility.

WHERE TO GO FOR HELP

ACADEMIC RELATED SERVICES

Instructor - If you have questions regarding your class, talk to your instructor. Faculty members usually include their office hours, e-mail, and/or phone number in the class syllabus. If you cannot locate this information, set a time to meet with your instructor by speaking with them prior to or immediately following your class session or check with the departmental office on when the instructor may be available. Office hours may be in-person or virtual, so students are strongly encouraged to confirm the format and available times with their instructor.

Academic Advisor - All students will benefit by conferring with an advisor on a regular basis. If you do not know your advisor, you may log in to my.okstate.edu to locate their contact information. Advising appointments may be virtual or in-person, so students are strongly encouraged to confirm the format when requesting an appointment. If you need to see an advisor in person, please contact your advisor or college advising office to let them know so arrangements can be made.
