

- Q: Am I eligible for a graduate degree in Statistics from OSU?
- A: A bachelor's degree and a course in multivariate calculus is required for the Applied Statistics MS degree. A course in linear algebra is additionally required for the Statistics MS and PhD degrees. Competence or a course in computer programming are strongly encouraged. Students with a bachelor's degree without the required coursework may be admitted provisionally, but are encouraged to remedy deficiencies before applying. See <http://statistics.okstate.edu/programs>
- Q: What does it cost?
- A: The exact cost of your degree depends on a variety of factors. See the tuition calculator at <https://bursar.okstate.edu/tuition-estimate> for a more personalized estimated. Some assistantships and fellowships are also available for MS and PhD students.
- Q: Am I eligible for an assistantship?
- A: Some assistantships are available for MS and PhD Statistics students each semester and are awarded on a competitive basis. Some fellowships are available for outstanding applicants as well. Students in the Applied Statistics MS program are generally not eligible for assistantships.
- Q: How do I apply?
- A: Just click on apply now at <https://gradcollege.okstate.edu/apply/>.
- Q: What application materials are required?
- A: The general GRE, two letters of reference, transcripts, and a resume/CV are required for all applicants. TOEFL or IELTS scores are also required for international applicants. See <https://gradcollege.okstate.edu/prospective-students/english-proficiency.html>.
- Q: What are minimal test scores are required?
- A: Please understand that applications are evaluated as a whole, but students scoring below 10th percentile on the verbal section or the 50th percentile on the quantitative section of the GRE are rarely admitted.
- A: See <https://gradcollege.okstate.edu/prospective-students/english-proficiency.html> for TOEFL or IELTS requirements. International applicants with a degree from the US that wish to be considered for an assistantship must still submit TOEFL scores.
- Q: When do I apply?
- A: Most students begin in Fall semesters, but you can apply for admission in any semester. Typically assistantships are awarded annually starting in Fall semesters as well. For full assistantship consideration, MS and PhD students applying for the Fall semester must have their application complete by Feb. 15. Application deadlines for admission for each semester are below.

	Fall Entry	Spring Entry	Summer Entry
Domestic Application Due Date	July 1	December 1	April 1
International Application Due Date	May 1	October 1	February 1

- Q: Is the MS in Applied Statistics degree completely online?
- A: Yes. Course material, such as lectures and notes and/or videos, is typically distributed online through <http://canvas.okstate.edu>. Exams are administered through an online remote proctoring services such as <https://examity.com/> or in person at a university testing center near you. See <https://cas.okstate.edu/outreach/online-learning>.
- Q: Where can I find more information?
- A: Check out the department's website <http://statistics.okstate.edu/programs> or request more information here <https://grad.okstate.edu/register/information>
