American Studies: Pre-Law, BA

American Studies: American Indian Studies, BA or BS
American Studies: Business Essentials, BA or BS

Instead of preparing you for a single occupation, American Studies coursework prepares you to think, explore and put knowledge into practice. Our graduates have pursued successful careers in a variety of fields, including publishing, public relations, law, public policy, community service and education.

American Studies examines

- How national identity has been formed and transformed over time
- How issues of race, class, gender, sexuality and embodiment have shaped the nation
- How the United States affects and is affected by other nations in a global system
- How culture impacts political and social relations and influences historical interpretation

In addition to a solid foundation in American history, politics, culture and social relations, American Studies courses help you hone your research and reasoning skills.

PROGRAM HIGHLIGHTS

- Small, **discussion-based classes**
- Preparation for the pursuit of **advanced degrees in Literature, History, and the Law**, among other areas
